The sentence regarding the entry fee covering 50% of the cost have been taken out of the regulations – the entry fee is set to 150 euros. All parties agreed to this.

It was decided that there will not be any other changes to the regulations to avoid them having to be re-approved, which also means that agreement on the last meeting to put in sentence regarding a 48 hours deadline for a reserve to take the place of team member will not be added to the regulations after all.

5. Rally Obedience Championship 2023 updates

Solveig mentions that the Norwegian group is working on the championship as planned (November 17th to 19th 2023).

There were no questions regarding the championship to Solveig.

6. Rally Championship 2025

The Danish Rally Committee suggests the date October 24th to 26th 2025 for the Nordic Championship 2025 to be held in Ringsted, Denmark.

It was discussed what the optimal gap in time would be between the Nordic Championship and the World Championship. It was agreed that the committee members go back to the national Rally committee to hear their opinions before deciding if this date is to be accepted.

It will be decided on the next meeting if this date can be accepted or not.

7. Miscellaneous

Ida mentions that she is trying to get a decision on a date for the Championship in Sweden in 2024.

The next meeting was decided to be on August 10'th, and another date on August 31'st was agreed on, in case something comes up on the FCI meetings on the 18'th to 20'th of August. The latter date is only reserved in case there is a need for it.
